Single Room Cryotherapy

MECOTEC
FREEZING TECHNOLOGY

UNLEASH YOUR METABOLIC POTENTIAL

MECOTEC CRYO-CHAMBERS

Cross over into the next generation of performance support and enhanced well-being with the latest breakthrough in whole-body cryotherapy.

Unlock your body's own natural metabolic response and release the many scientifically-proven benefits of cold-shock treatment:

- **muscle recovery**
- **reduced soreness, pain and inflammation**
- **increased energy**
- **enhanced mood, sleep and focus**
- **immune response boost**
- **improved antioxidant status**
- **rehabilitation support**

MECOTEC brings the power of cryotherapy into your home or business, with its innovative line of certified, German-engineered cryotherapy chambers.

OUR PRODUCTS

ADVANCED

We are the innovators and originators of whole-body cryo-therapy. No more restrictive chambers or bulky tanks. Only the very latest and safest in cryo-technology.

SUSTAINABLE

MECOTEC cryo-chambers are electrically powered and eliminate the storage and refueling hassle of nitrogen-based units.

ECONOMICAL

For commercial operation, your initial investment pays for itself with repeated use and at a fraction of the cost of nitrogen-fueled alternatives.

RELIABLE

With the benefit of 25 years of engineering experience, MECOTEC products are TUV- and UL-certified and 100% German-built to guarantee reliability and long-life.

cryo:one

Unlike nitrogen-based treatments, all our electric-powered, full-body cryo-chambers offer privacy, ease of use and freedom of movement as super-cooled air circulates inside at down to -121°F to stimulate and revitalize the body within minutes.

MECOTEC's personal cryo:one model offers the full cryo-experience in our most compact build. The stylish exterior and minimal footprint make the cryo:one suitable for any home or office.

With easy installation (in under 6 hours) and minimal operational costs, the cryo:one is easily the best option for personal or light commercial use. Unlock the benefits of whole body cryotherapy with a lifestyle upgrade today.

Available options:

- Recooling package
- Music package
- Separate cabinet engine housing

cryo:one⁺

A true game changer for any fitness or well-being business, cryo:one⁺ offers all of the cryotherapy benefits of our cryo:one model, but with greater performance in an even more spacious chamber.

Our top-selling model cools faster and is geared for all-day commercial use (up to 10 hours per day). With its 50% greater interior space, the cryo:one⁺ is the perfect turnkey cryo-solution for high-performance athletes, gyms and spas.

Available options:

- Recooling package
- Music package
- Separate cabinet engine housing

cryoair flex

Take your wellness studio or your sports and rehab clinic to the next level with MECOTEC's bespoke cryoair flex cryo-solution.

Engineered for high-volume and improved energy-efficiency, the cryoair flex is easy to use, inexpensive to maintain and can be customized to fit seamlessly within your existing operation.

Our custom-built whole-body cryoair flex chamber comes with a 5-year warranty, offering maximum flexibility and assurance for commercial operators. Join the Cool Revolution with your own unique gateway to the benefits of cryotherapy!

Available options:

- Corner, square or rectangle configuration possible
- Recooling package
- Music package

Chamber Comparison

Features	cryo:one	cryo:one ⁺	cryoair flex
Temperature	-121°F	-121°F	-121°F
Daily sessions	5 - 30	25 - 80	25 - 80
Dimensions chamber (WxDxH)	3'-11" x 3'-11" x 8'-1"	4'-11" x 4'-11" x 8'-5"	customizable
Capacity per session	1 person	2 persons	2 persons

As the founders of whole-body cryotherapy, MECOTEC products are uniquely designed to deliver all the advanced benefits of cold therapy in a hassle-free cryo-chamber solution that fits your lifestyle or commercial needs.

All MECOTEC cryo-chambers feature 100% German-engineered super-cooling technology in a stylish housing with remote operation and maintenance.

Enjoy years of uninterrupted use and unleash your metabolic potential with a lifestyle upgrade to cryo:one, cryo:one⁺ and cryoair flex..

TRUST THE LEADING MANUFACTURER

Over 20 years of experience in electrical refrigeration stand behind our TUV-certified, 100% German-made cryo-chambers.

Our MECOTEC headquarters serves as a base of innovation, manufacturing and on-site customer service, harnessing the best people and ideas to offer you our finest products.

From our two primary locations in Germany for development, production and logistics, we have opened branches in Italy, France, US, the Middle East and Southeast Asia, to better serve the needs of clients worldwide.
